SRK Container bags

The Samas SRK – Contrainer Case is a professional bag designed for the safe transport of cameras, lenses, and essential accessories. Its structured and padded construction ensures reliable protection, keeping your equipment secure in any working condition.

Featuring a spacious front pocket and a flat rear pocket, it offers quick access and additional storage for essential tools and documents. Two side pockets provide extra space for accessories, making it a versatile solution for on-set organization.

Inside, multiple adjustable dividers allow you to customize the layout according to your needs, while a transparent pocket on the lid ensures quick visibility and access to smaller items.

Crafted from premium Cordura 1000D, with an internal lining made from Italian-sourced nylon, it ensures durability and reliable protection in demanding environments. The carrying webbing is produced by an Italian manufacturer to guarantee long-lasting performance, designed to withstand intensive professional use over time.

External material: Cordura® 1000D

Internal material: Nylon 210

Internal material: Hook-and-loop velvet for optimal divider adjustment

Internal material: High-strength transparent plastic material for clear pouches

Italian-made tape for handles and straps

SRKB Container Backpack

The Samas SRK – Contrainer is a professional backpack designed for the safe transport of cameras, lenses, and essential accessories. Its rigid and fully padded structure ensures maximum protection, keeping your equipment secure in any working condition.

Featuring a convenient front opening, it allows quick and easy access to your gear on set. Inside, eight (large) or seven (small) adjustable dividers provide a highly customizable layout, helping you organize your equipment with precision and efficiency. It also includes a dedicated laptop pocket and two flat transparent pockets for quick visibility and access to smaller items.

Despite its robust construction, the backpack remains lightweight, ensuring comfort during long working days. Comfortable shoulder straps and a suede handle enhance ergonomics and ease of transport.

It features two small side pockets on one side and a larger pocket on the opposite side, providing versatile storage for accessories of different sizes. Top webbing straps allow the attachment and transport of small tripods or additional gear.

Crafted from premium Cordura 1000D, with an internal lining made from Italian-sourced nylon, it ensures durability and reliable protection in demanding environments. The handle webbing is produced by an Italian manufacturer to guarantee long-lasting performance, designed to withstand intensive professional use over time.
